HOW TO ANSWER A PERSONAL AD

1. Write your reply to the woman you are interested in. Seal it in an envelope, with:
 - your return address at the top left corner,
 - her box number in the lower left corner, and
 - a first class stamp at the top right corner.

If you don't include these three items, we cannot send your letter to the woman whose ad you so carefully answered. (Once we receive this envelope, and when we add her name and address, we can simply drop it in the mail.)

2. Now, fold this envelope and place it into another envelope. Address it as follows:

Beautiful Reader (Downtown Portland)

I go to Umbria every morning to write until noon, and you come in every few days to order a matcha and read. The only time we ever spoke was when I asked you if you were okay after a man harassed you walking in, and I replay your soft “yes, thank you” every day. I wish I got your name. You told the barista you were reading Dream House, so I’m hoping you’re also gay? Someday I hope to be brave enough to tell you just how beautiful you are

Doc Marie's- Saturday evening

You: Very cute enby/masc-ish (sorry, guessing) waiting in line for the bathroom. Gray sweatshirt, dark beanie, black glasses, dimples.

Me: black jacket, red shirt, flustered. I asked you a weird question and you knew the answer, and it caught me off guard. You seemed keen to charm the pants off of anyone...why not me? I think I might have a few years on you but I don't mind if you don't. Kicked my self for not saying a bit more when I left...

What did I ask you? Want to tell me more?

Pro US Exec lesbian seeks Anti-War Anarchist women for date & more

Im an executive at a bank downtown, and have had trouble getting to work on Thursday and Friday because of the protests. My first thought was how ridiculous the protestors are! But after seeing some of the hot women, Im now very interested in meeting at least one of these ruthless rough girls. I have an MBA from Stanford. Since I have focused all 35 years of my life on school, getting rich, and enjoying the "good life", I have had difficulty finding another suitably greedy women to love. I look like the typical Marina blond, and people assume that I am a straight women. This has been a real problem for me. Guys think Im gorgeous, lesbians assume im straight. So what Im

looking for is someone on the opposite end of me: a young, financially struggling, leftist/anarchist woman who absolutely hates my kind. You have seen me shopping on Chestnut street. You spray paint my furs on Sundays. You despise my black Range Rover 4.6 HSE, and all the fuel it consumes. My 5'10", 125-lb "The Sports Club LA" gym toned body makes you ill. My sparkling blue eyes behind my Gucci sunglasses scare you for some reason. So here is my offer: Let me take you out for a night. I will make reservations at Gary Danko, and since you no doubt a vegan, I will talk to Mr. Danko myself and make sure a proper meal is prepared for your sensible tastes. After a few bottles of vintage 1972 cab, we will start talking about politics. Once the debate gets heated, we will head back to my

house across from the Marina green to end the night. If you slap me, I will slap you right back. Kiss me, and I will kiss you right back. If you like it rough, I love it rough. If you like scenes, and prefer for me to be the women cop and try to arrest you while you resist, I can put on a show.

I can see this sort of opposite-attracts relationship lasting for an eternity. Im able to pay for your Berkeley education, buy an evergreen Toyota Prius or Honda Insight for you to commute back/forth in, and if you dont want to live with me, I will even purchase a Berkeley hills home for your exclusive use. We can trade in your street clothes for ever-hip Diesel clothing, allowing you to still look/act the part without anyone knowing about your financial backing and

resources. I envision it already: we can have this secret, indulgent relationship without anyone knowing. Your not suitable material to accompany me to galas, or even company events, so it would have to be kept a secret, as the press would have a field day with me. Just a lonely, well to do rich single mid-thirties financial executive lesbian yearning for my youth and looking for the love of my life. If I sound interesting, please e-mail me under one condition: we can never agree. This relationship will strictly be based upon conflict, disagreement, and love. Like the song goes, its a thin line between love and hate.

COCK FREE TO GOOD HOME

Ended up with two beautiful baby boys in our fall run of chicks, and we don't have space or need for two roosters. Anyone care for a Jersey giant/maybe wyandotte cross? Huge grey baby, handled regularly, almost ready to be outside with a heat lamp. His father was delicious.
